

Date: 08 Oct 2023

Dear valued Avery Dennison Hanita Customer,

To the best of our knowledge, **Hanita Coatings Window Film Products** do not contain any of the 235 Substance of Very High Concern (SVHC), listed in “Candidate List of Substances of Very High Concern for Authorization” mentioned in Annex XIV of EC Regulation 1907/2006, according to June 2023 update, in quantities above the threshold limit of 0.1%, **except for the products listed below that contain TPO Diphenyl(2,4,6-trimethylbenzoyl)phosphine oxide, CAS Nr. 75980-60-8, at the concentration <0.4%**

R06905X	R070W6X
R069B2X	R08275X
R07022X	R108SMX
R07035X	R12100X
R07050X	R1210XP
R0705XP	R14422X
R070W0X	R1731XP
R070W3X	R19600X
R070W5X	

The disclosed information referenced above is to the best of our knowledge and based on Avery Dennison Hanita knowledge of the products and information provided by our raw materials and component suppliers. Avery Dennison Hanita has not conducted testing and we recommend that you or your customer(s) make your own determination on the suitability of the products listed above for your particular application.

All Avery Dennison statements, technical information and recommendations are based on tests and data sources believed to be reliable but do not constitute a guarantee or warranty. All Avery Dennison products are sold with the understanding that purchaser has independently determined the suitability of such products for its purposes. All Avery Dennison's products are sold subject to Avery Dennison's general terms and conditions of sale, see <http://terms.europe.averydennison.com>

Best Regards,

Jane Levinson
